

Computational Mathematics

Wednesday · August 8, 2007 · IRMACS · SFU Burnaby Campus

Call for Poster Submissions

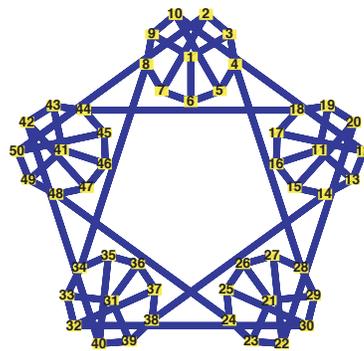

CECM Day 2007

The CECM is pleased to present CECM Day 2007, a one day conference on computational mathematics hosted by the CECM, IRMACS and the department of mathematics at SFU. It will be held in IRMACS on Wednesday, August 8th, 2007.

The meeting will consist of invited talks and a poster session. The CECM invites faculty, students (both graduate and NSERC summer students) and postdoctoral fellows to participate in the poster session. The poster session will be held in the IRMACS atrium.

Up to four prizes (two \$200 and two \$100) will be awarded to students with the best posters. Judging criteria are based on 50% content and 50% presentation.

Registration is required. A registration fee of \$50 per participant will be charged to all participants except invited speakers. The registration fee includes the cost of lunch. Students may wish to ask their supervisor to pay for their registration fee. Participants who are unable to pay should contact Michael Monagan (mmonagan@cecm.sfu.ca).

Eligible Posters

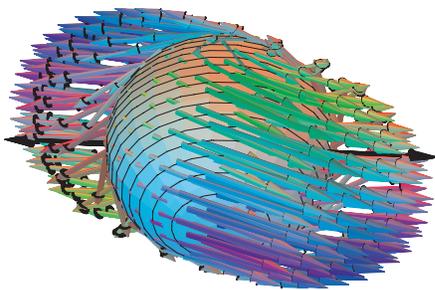

The only requirement is that the poster has mathematics in it. It may be applied, pure, computational, or experimental mathematics. If you have already prepared a poster for a presentation at another scientific meeting this year, and you would like also to present it to members of the department, this is appropriate.

Submission

Poster abstracts must be emailed to both Michael Monagan (mmonagan@cecm.sfu.ca) and Dennis Langdeau (dlangdea@sfu.ca), or by completing the form (www.cecm.sfu.ca/events/CECM07/poster.shtml), by Tuesday, July 24, 2007.

Presentation

If you need help with creating a poster you may contact Dennis Langdeau.
